G'day Kevin and the rest of the band,

On behalf of the committee and members of Club de Goa, I would like to extend a very warm thank-you for a splendid "Carnival in Easter" dance on 15th April 2001.

I had a number of very positive comments from the members on the night and subsequently. With around 180 members and guests, almost everyone commented what a fun time they had and that they loved the music. I must add that the participation of the audience was excellent, proving the music was truly enjoyed by young and old. It was great to see you involve some of our very young members in song.... I am sure they must have felt like "superstars".

I also thank you for making your mike and sound system available to us for the prize distribution. The only negative comment that I did hear was about the microphone, which did not seem to carry the sound very well..... maybe they just ignoring me so they could hear you sing some more!!

I would like to make a tentative booking for next year for the same function. This will be at the same time as the Mardi-Gras in Sydney. This needs to be confirmed by late this year.

I have enclosed a cheque for the balance.

Once again thank you for a wonderful evening.

Yours Sincerely

Louis D'Souza
President – Club de Goa

Dated: 1 May 2001.
